## “SAME HOUSE DIFFERENT LANDLORD” ACCOMMODATION

*The Same House Different Landlord Program is a Housing QLD initiative.*

Under this program, Housing allocates six, two bedroom properties from public housing stock to BABI. These properties are generally used to accommodate young parents and their children. BABI's role is to tenant & manage the properties, and most importantly provide support to the tenants for a minimum of six months. At the end of the support period the tenant can ‘sign up’ as a direct tenant of Housing and remain in the same property. Support for these young people is provided by the Family Support Worker, whilst property management and accommodation is supported by BABI's accommodation team.
